APPENDIX M

Reasonable Distance, Very Low Income, Family Share, Case Closing and Openings, Recertification Period, Fraud And Abuse Control Activities, Inspections (Required)

Reasonable Distance

Define “reasonable distance” based on community standards for determining accessible child care.

The following defines “reasonable distance”: Any distance is reasonable on a case by case basis.

Describe any steps/consultations made to arrive at your definition: Job opportunities are extremely limited in Cattaraugus County, and it is geographically a very large county.

Very Low Income

Define “very low income” as it is used in determining priorities for child care benefits.

“Very Low Income” is defined as 175% of the State Income Standard.

Family Share

“Family share” is the weekly amount paid towards the costs of the child care services by the child’s parent or caretaker. In establishing family share, your district must select a percentage from 10% to 35% to use in calculating the family share. The weekly family share of child care costs is calculated by applying the family share percentage against the amount of the family’s annual gross income that is in excess of the State Income Standard divided by 52.

Family Share Percentage selected by the county 10%.

Note: The percentage selected here must match the percentage selected in Title XX Program Matrix in WMS.

Case Closings

The district must describe below how priority is given to federally mandated priorities and describe local priorities. If all NYSCCBG funds are committed, the district will discontinue funding to those families that have lower priorities in order to serve families with higher priorities. Describe below how districts will select cases to be closed in the event that there are insufficient or no funds available.

1. Identification of local priorities in addition to the required federal priorities (select one).

The district has identified local priorities in addition to the required federal priorities (Complete Section 2)

Fraud and Abuse Control Activities

Describe below the criteria the district will use to determine which child care subsidy applications suggest a higher than acceptable risk for fraudulent or erroneous child care subsidy payment in addition to procedures for referring such applications to the district's front-end detection system.

The District will use the following FEDS indicators: working off of the books; application inconsistent with prior case; prior history of denial; self-employment without adequate business records; documents or information provided are inconsistent with application, such as different name used for signature; post office box used without reasonable explanation; no absent parent information; prior application showing legally-responsible relative who is not listed in the home during recent day care application.

CATTARAUGUS COUNTY – 2015 APU

Describe the sampling methodology used to determine which cases will require verification of an applicant’s or recipient’s continued need for child care, including, as applicable, verification of participation in employment, education, or other required activities.

Check pay stubs and hours of work

If hours of daycare do not match hours of work, we ask for clock-in/clock-out hours.

Acquire school schedules.

If, within a six-month period, any case has not been reassessed for income, job change, schedule changes, etc., then the child care unit will review that case, and those cases will be re-certified at that time, if appropriate. Therefore, 100% of cases will be reviewed every six months.

Describe the sampling methodology used to determine which providers of subsidized child care services will be reviewed for the purpose of comparing the child care provider’s attendance forms for children receiving subsidized child care services with any Child and Adult Care Food Program inspection forms to verify that child care was actually provided on the days listed on the attendance forms.

ACCORD Corporation will be reviewing cases, beginning with those which have had some concerning issues but were not disqualifiable at face value.

ACCORD Corporation runs the child care food program for Cattaraugus County, and will ask the County for attendance with sampled providers. Again, ACCORD will begin to sample with any "questionable" situations, if any.

Of the child care providers that participate in the Child and Adult Care Food Program (CACFP), excluding day care centers, ACCORD will do site inspections on those providers who are enrolled in the food program and whom it feels may be providing DSS with questionable child care information. After those providers are chosen (let us say that would be ten provider), DSS will compare the site inspection reports sent to the day care unit of the remaining providers that also have children being paid through the block grant.

The DSS-child care unit will compare its timesheets with site inspection reports lists of children in attendance during the inspection.

Inspections of Child Care Provider Records and Premises

The district may choose to make announced or unannounced inspections of the records and premises of a provider/program that provides child care for subsidized children for the purpose of determining whether the child care provider is in compliance with applicable laws and regulations and any additional requirements imposed on such a provider by the social services district Per 18 NYCRR 415.4(h) (3). APPENDIX T

Transportation, Differential Payment Rates, Enhanced Market Rate for Legally-Exempt and In-Home Providers, and Sleep (Optional)

Transportation

Describe any circumstances and limitations your county will use to reimburse for transportation. Include what type of transportation will be reimbursed (public vs. private) and how much your county will pay (per mile or trip). Note that if the county is paying for transportation, the Program Matrix in WMS should reflect this choice.

Differential Payment Rates

Indicate the percentage above the market rate your county has chosen.

- Accredited programs may receive a differential payment up to _____ % above market rate.
- Care during non-traditional hours may be paid up to _____ % above market rate.
- Limitations to the above differentials:

Payments may not exceed 15% above market rate. However, if your district wishes to establish a payment rate that is more than 15% above the applicable market rate, describe below why the 15% maximum is insufficient to provide access within the district to accredited programs and/or care provided during non-traditional hours.

Enhanced Market Rate for Legally-Exempt Family and In-Home Child Care Providers

Indicate if the district is electing to establish a payment rate that is in excess of the enhanced market rate for legally-exempt family and in-home child care providers who have annually completed 10 or more hours of training and the training has been verified by the legally-exempt caregiver enrollment agency.

APPENDIX U

**Child Care Exceeding 24 Hours, Child Care Services Unit, Waivers,
and Breaks in Activities (Optional)**

Child Care Exceeding 24 Hours

Child Care services may exceed 24 consecutive hours when such services are provided on a short-term emergency basis or in other situations where the caretaker’s approved activity necessitates care for 24 hours on a limited basis. Check below under what circumstances the county will pay for child care exceeding 24 hours.

- On a short-term or emergency basis
- The caretaker’s approved activity necessitates care for 24 hours on a limited basis

Describe any limitations for payment of child care services that exceed 24 consecutive hours.

Child Care Services Unit (CCSU)

Indicate below if your county will include 18-, 19-, or 20-year-olds in the CCSU, which is used in determining family size and countable family income.

The district will include the following in the CCSU (check all that apply).

- 18-year-olds
- 19-year-olds
- 20-year-olds

OR

The district will only include the following in the CCSU when it will benefit the family (check all that apply)

- 18-year-olds
- 19-year-olds
- 20-year-olds

Describe the criteria your district will use to determine whether or not 18-, 19-, or 20-year olds are included in the CCSU.

If excluding 18, 19 or 20-year-old family member(s) makes family ineligible, we will include the member(s).

Waivers

Districts have the authority to request a waiver of any regulatory provision that is non-statutory. Describe and justify why your county is requesting a waiver.

WAIVER: Request to waive the requirement that a client receiving unpaid training must be in training conducted by an institution licensed or approved by the NYS Education Dept. to be eligible for child care subsidy.

In Cattaraugus County, the field of home health care is one of the few fields open to many under-skilled people which pays a living wage. It is difficult for these people to attend the necessary unpaid training without assistance for child care. The NYS Dept. of Health, and not the NYSED, provides the training which is given by the home health care agencies.
